

**AAPA Membership Chair Report  
March 3, 2020  
Prepared by Kristi Lewton**

**I. Membership Trends: 2013-2020**

Although membership has generally increased since 2013, membership was slightly lower in 2019 compared to 2016-2018.

2013	2014	2015	2016	2017	2018	2019	2020 (as of 3/3/20)
1457	1563	1950	2271	2263	2254	2074	1883

At the time of the 2019 AAPA Business Meeting, there were a total of 1,936 members. This year the total membership count (as of 3/3/2020) is 1,883, indicating relatively steady membership. Included among these 1,883 persons are 750 women and 251 men (of women and men, 2 reported being transgender), 1 nonbinary member, and 879 members who did not report their gender. The breakdown of member counts by membership category is listed in the table below.

	Man	Woman	Transgender	Non-Binary
<b>Regular</b>	74	139		
<b>Regular - Contingent/Postdoc</b>	34	74		
<b>Regular - Qualifying Country</b>	7	10		
<b>Regular - Spouse</b>	1	3		
<b>Special</b>	2	11		
<b>Special - Contingent/Postdoc</b>	6	18		
<b>Special - Qualifying Country</b>	6	18		
<b>Student</b>	88	423	2	1
<b>Student - Qualifying Country</b>	8	15		
<b>Retired</b>	4	7		
<b>Life Members</b>	21	32		
<b>Total</b>	251	750	2	1

Since the 2019 Business Meeting, a total of 466 new members have joined the association. The composition of new members is 65.5% women (N=305), 21% men (N=96), and 0.5% non-binary folks (N=2). The other 13% did not report gender (N=61). The majority of new members were students (74%, N=343). New student members were 62% graduate students, 38% undergraduate students, and 1 individual was a high school student.

**II. Membership dues increase**

At the 2019 AAPA Business Meeting, the membership voted to raise dues for Regular Members by 30%. As a result, the rate for Regular Membership for 2020 and later is \$170.

### III. Membership applicants

Between March 19, 2019 and March 3, 2020, a total of 466 people applied for AAPA Membership and were provisionally approved as new members. The new member applicants include 46 Regular members (including 8 members from qualifying countries), 50 Regular-Contingent members, 14 Special members (including 1 member from a qualifying country), 13 Special-Contingent members, and 343 Student members (including 31 members from qualifying countries). In addition to new member applicants, there were 120 applications that were provisionally approved to transition to new membership categories. Of these, 27 members requested membership transitions between categories that do not need to be voted on (for example, Regular to Regular-Contingent, Regular to Retired), and are not included in the lists below. The remaining 93 applications to transition between categories include Regular to Regular-Contingent-Lapsed (2), Regular to Special-Contingent (2), Regular to Student (2), Regular-Contingent to Student (1), Special-Contingent to Student (1), Special-Contingent to Regular-Contingent (1), Special-Qualifying to Regular-Qualifying (1), Student to Regular (17), Student to Regular-Contingent (46), Student to Regular-Qualifying (2), Student to Special-Contingent (11), and Student to Special (7).

Some new membership applications were from members who had previously been voted on, but who had a membership lapse for five or more years. These members must be voted on as new members and are listed below.

All membership applications that require a vote are listed below. New membership applications are listed first, followed by applications to transition between membership categories.
